Sava Pipe Sealing Bags

Pipe sealing bags, for fast, portable, temporary sealing of leaks in pipes and cylindrical containers.

- Chemical and temperature resistant.
- Ideal for use in factories, refineries for Hazmat clean up.
- Small and lightweight, they can be stored almost indefinitely for eventual emergency use.
- Eliminates shutting down a line operation due to a leak.
- Eliminate costly chemical spills from uncontrolled leaks.
- Pipe Sealing Bags are made from NR/BR (natural Isoprene/butadiene rubber).
- Special rubber compounds are available for added chemical resistance.
- For detailed chemical compatibility data consult ANSI/ISO Technical Report 7620 Rubber Materials - Chemical Resistance.
